

PRODUCT SAFETY DATA SHEET

HEADLAND TRICURE GRANULAR WETTING AGENT

A granular wetting agent for use in turf

1. Marketed by:

Headland Amenity Ltd

Contact Points:

Headland Amenity Ltd,
1010 Cambourne Business Park,
Cambourne
Cambridgeshire, CB3 6DP

Tel : 01223 597834

Fax : 01223 598052

e-mail info@headlandamenity.com

2. Composition:

A liquid concentrate containing a blend of non-ionic surfactants fixed on a granular BIODAC carrier. Contains 88.5% BIODAC (cellulose complex) 11.5% Tricure – Mixture – No single CAS number available

3. Hazards:

Non-Hazardous irritant

4. First Aid Measures:

Eyes: Irrigate with clean water for at least 15 minutes. Seek medical attention without delay.

Skin: Remove contaminated clothing. Wash thoroughly with soap and water. Seek medical attention if any irritation or redness persists.

Ingestion: If swallowed drink plenty of water or milk. Induce vomiting. Seek medical advice immediately

Inhalation: Remove from exposure and provide maximum ventilation

5. Fire Fighting Measures:

If involved in a fire, fumes and vapours may be harmful. Fire fighters should wear breathing apparatus. Use water spray to cool drums exposed to fire.

Use dry chemical, foam, water spray, sand or earth. Avoid contamination of surface waters or ditches with fire-fighting water.

6. Accidental Release (Spillage):

Absorb the spillage with sand, earth etc., shovel up and transfer to a container for later removal to a safe place for disposal.

Flush the area with plenty of water when all the spillage has been removed.

Prevent the spillage from entering watercourses sewers or drains. Inform the proper authorities if gross contamination of water is threatened or occurs.

- 7. Storage and Handling:**
Keep in original container, tightly closed.
Keep cool and dry in a suitable chemical store.
Keep away from food, drink and animal feeding stuffs and out of reach of children
Do not allow to freeze. Store above 5°C.
- 8. Personal Protection:**
Wear suitable protective clothing, protective gloves and face-shield when handling the concentrated product. Avoid breathing the spray mist when using.
- 9. Physical and Chemical Properties:**
Appearance: A grey, free-flowing micro-granular material
Odour: Bland, musty odour
Solubility Soluble in water
- 10. Stability and Reactivity:**
Very stable. Stores for at least 2 years in original containers in normal agricultural chemical storage conditions. Readily disperses in water.
Avoid contact with acids.
- 11. Toxicological Information:**
Acute toxicity: This product is of low acute toxicity.
Skin irritancy: Irritating to skin
Eye Irritancy: Irritating to eyes
- 12. Environmental Protection:**
No special requirements. This product is not expected to present a hazard to the environment.
- 13. Disposal of Unwanted Product and Used Containers:**
Consult the local authorities before disposing of unwanted chemical.
Triple-rinse container and empty rinsate into spray tank.
Puncture empty rinsed containers and dispose of as permitted by local authorities. Do not re-use containers for any purpose.
- 14. Transport Information:**
Road Transport: Not hazardous
UN Number: No UN Number
Proper Shipping Name: Non-hazardous
IMDG Class: Not applicable
CPL Group Not applicable
- 15. Regulatory Information:**
Risk Phrases:
R36/38 Irritating to skin and eyes
Safety Phrases:
S2 Keep out of reach of children
S24/25 Avoid contact with eyes and skin
S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
S28 After contact with skin wash immediately with plenty of water.
S36/37/39 Wear suitable protective clothing, protective gloves and eye/face protection

16. Other Information:

The above information is intended to give health and safety guidance on the storage and transport of the substance or product to which it relates. It is not intended to apply to the use of the product, for which purpose the product label and any appropriate technical usage literature available should be consulted and any relevant licences, consents or approvals complied with. The requirements or recommendations of any relevant site or working procedure, system or policy in force or arising from any risk assessment involving the substance or product should take precedence over any of the guidance contained in this safety data sheet where there is a difference in the information given. The information provided in this safety data sheet is accurate to the best of the issuer's available knowledge at the date of publication, and will be updated as and when appropriate. No liability will be accepted for any loss or damage resulting from any failure to take account of information or advice contained in this safety data sheet.
