## Absolute Premier

The Absolute Premier range of mini-granular, compound fertilisers is formulated specifically for use on areas such as golf fairways, football and rugby pitches, racecourses, and ornamental turf.

Absolute Premier is available in a wide range of analyses, each giving precise control over nutrient input levels throughout the year. The mini-granules (1-3mm) are formulated to provide even and consistent coverage along with a rapid turf response.

## **Key benefits**

- 4-8\* weeks conventional release fertiliser
- Broad range of analysis for use all year
- Mini homogenous granules for even and consistent coverage
- Rapid turf response when required

\*Depending on environmental factors
