Keep out of reach of children.

Keep in original container, tightly closed in a safe place.

Wash out container thoroughly and dispose of safely.

This material and its container must be disposed of in a safe way.

DIRECTIONS FOR USE

VELOCITY is a blend of adjuvants designed to enhance the coverage and uptake of pesticides, especially fungicides in managed amenity turf.

VELOCITY can be used with all approved pesticides for use in agriculture, horticulture, forestry and industrial uses as specified in the table below.

Crops/situations:	Pesticides:	Maximum concentration (% spray solution):	Maximum number of treatments	Latest time of application
All non-edible crops	All approved plant protection products	0.5	Follow the statutory conditions of use of the plant protection product	Follow the statutory conditions of use of the plant protection product
All edible crops (stubble)	All approved herbicide plant protection products	0.5		
Non crop production	All approved plant protection products	0.5		
All edible crops	All approved plant protection products at half or less than half the approved plant protection products rate	0.5		

RATE OF USE OF VELOCITY

Application rate for use with Sherriff Amenity approved fungicide packages: 1.0 l/ha in a minimum 300 litres of water per hectare.

MIXING

Half fill the spray tank with water and commence agitation. Add the recommended quantity of pesticide. Mix well and then add the required quantity of VELOCITY. Continue agitation while topping up the tank and during spraying.

Prior to using VELOCITY please consult your supplier for the latest recommendations.

CONDITIONS OF SUPPLY

All goods supplied by us are of high grade and we believe them to be suitable for the purpose recommended. Products are supplied solely for the use and applications recommended subject to strict adherence to the label conditions of storage and use. Other uses, applications and deviations from label recommendations are solely at the users own risk. Since we cannot exercise control over storage or seasonal factors affecting weather conditions, growth stage, crop condition and the composition of tank mixtures, NO liability or warranty is expressed or implied concerning the safety of tank mixtures or their biological effects on crop safety.
