

TT Foam

Bout marker foam

TT Foam is a bout marker foam designed for use with any bout marking equipment. It produces small white foam spheres which effectively mark out treated areas helping to increase spraying accuracy and prevent overlapping.

Application

- Half fill the bout marking equipment with water
- Add TT Foam at rate of 1 part TT Foam to 125 parts water
- Agitate to mix thoroughly then add the remaining water

1l
(packed
6x1l)
